An MG is Born

With Mark Evans

Mark Evans is back in his workshop to restore a 1973 MGB Roadster back to showroom condition. It's one of the last chrome-bumpered cars ever built, and Mark intends to turn it into a unique collector's item.

Follow the world's best-loved amateur mechanic as he strips the MG down to every last nut and bolt, and painstakingly rebuilds it from the ground up. "An MG Is Born" is a unique piece of MG history - the first TV documentary of its kind dedicated to the MGB - and almost certainly the last.

"An MG Is Born" is a fascinating and detailed insight into the engineering, design and restoration of one of the worlds' most popular and well-known sports cars; and is a fantastic reference tool for existing or would-be MGB restorers.
